**Conflict of Interest**

Ms. Bell reviewed the Conflict of Interest Policy with the Board.

**Rules**

Mr. Jerry Kosten presented rules for a roll call vote regarding numerous housekeeping changes; the deletion of provisional licenses, adding definitions for massage/bodywork/somatic and outcall, deleting the requirement that state regulatory fees be paid with reinspections, adding language regarding use of professional titles, requiring ten hours of ethics courses and five hours of courses regarding Tennessee massage statutes and regulations for licensure as a massage therapist, deleting language regarding examination retakes, including educational programs approved by the Tennessee Board of Regents as being pre-approved continuing education, stays and reconsiderations of disciplinary orders, implementing a disciplinary screening panel process and adding ethical standards. A rulemaking hearing was held on October 18, 2005.

Ms. Birkner suggested adding the words “as a massage establishment” in section 0870-1-.19 (1) (t) to the last sentence so that the sentence will read “ A massage therapist may not be prosecuted under this rule if he/she has a written statement, signed by the establishment owner and notarized, stating that the establishment is licensed, as a massage establishment, prior to the date of the therapist’s employment.”

Ms. Eichel made a motion to make the recommended change. Ms. VandeBerg seconded the motion, the motion carried.

Mr. Kosten presented an oral comment received during the rulemaking hearing from Ms. Karen Craig of the Massage Institute of Memphis. Ms. Craig has concerns for not allowing students to receive massage from instructors. Upon consideration of Ms. Craig’s suggestions and lengthy discussion, Ms. Glassgow-Trotman made a motion to approve the rules as written with the one change previously voted on. Ms. Eichel seconded the motion. The motion carried with Ms. Chumbley and Ms. VandeBerg voting no.

Mr. Kosten presented rules to be sent for a rulemaking hearing on March 3, 2006 regarding establishment licensure approval and denial process, continuing education for new licensees and revision of an ethical standard. Ms. Chumbley made a motion which was seconded by Ms. Glassgow-Trotman to send the rules to rulemaking as written. The motion carried.

### **New Policies**

At the Board's request, a written draft of the following policies developed at the August 22, 2005 meeting was presented to the Board for approval:

#### **Unlicensed Practice of Massage Therapy Enforcement**

The policy reads:

Every person who practices or has practiced massage therapy without possessing a license issued by the Board, unless that person is exempted pursuant to T.C.A. § 63-18-110, is in violation of the law and subject to assessment of civil penalties. In an effort to avoid these matters being forwarded to the Department's Office of General Counsel for full prosecution and the possibility of more severe sanctions, any complaint involving a non-exempt individual practicing massage therapy without a license may be settled, and if appropriate, an authorization to practice or a license issued, upon payment of a civil penalty equal to five hundred dollars (\$500.00) for each month the non-exempt person practiced massage therapy without a license.

Every massage establishment that allows any non-exempt person to practice massage therapy without a license issued by the Board is in violation of the law and subject to disciplinary action and/or assessment of civil penalties. In an effort to avoid these matters being forwarded to the Department's Office of General Counsel for full prosecution and the possibility of more severe sanctions, any complaint involving an establishment allowing non-exempt persons to practice massage therapy without a license may be settled upon payment of a civil penalty calculated by multiplying five hundred dollars (\$500.00), times the number of non-exempt persons who practiced massage therapy without a license in the establishment, time the number of months that each non-exempt persons practiced therein without a license. If the massage establishment is itself unlicensed, the amount of civil penalties authorized by this policy are in addition to those to be paid under the Board's "Unlicensed Establishment Enforcement Policy" both of which must be paid to avoid referral for prosecution.

During discussion Mr. Harper and Ms. Chumbley stated the \$500.00 per month penalty is too high for establishment owners. Ms. Glassgow-Trotman stated she felt the owners must be responsible for what is required for their specific business. Ms. Eichel stated she likes the initial fine of five hundred dollars plus a lower amount per month. The Board was reminded the policy was written as they had developed in the last meeting. Ms. Eichel made a motion to approve the policy as written. Ms. Glassgow-Trotman seconded the motion. The motion carried with Ms. Chumbley and Ms. VandeBerg voting no.

### Licensed Massage Therapists Practicing in an Unlicensed Establishment

The policy reads:

A licensed massage therapist is held to a higher standard than those who are not licensed when it comes to the law regarding the necessity for establishment licensure and/or renewal of such licensure. Consequently, it is unethical and grounds for disciplinary action and civil penalty assessment for any licensed massage therapist to practice massage therapy in an unlicensed establishment or in one which has allowed its license to lapse. In an effort to avoid such matters being forwarded to the Department's Office of General Counsel for full prosecution and the possibility of more severe sanctions, a complaint involving a licensed massage therapist practicing in an unlicensed establishment or in an establishment whose license has not been renewed may be settled by the payment of a civil penalty in the amount of one hundred dollars (\$100.00) for every month the therapist practiced massage therapy therein. If the licensed massage therapist was also the owner of the unlicensed establishment, the civil penalty authorized pursuant to this policy is in addition to whatever civil penalties might be assessed pursuant to the Board's "Unlicensed Establishment Enforcement" and "Lapsed License" policies.

If the licensed massage therapist fails to accept the offered settlement or fails to comply with its terms the matter shall be referred to the Department's Office of General Counsel for full prosecution.

Ms. VandeBerg stated she does not feel the therapists should be held responsible for the confirmation of the renewal of an establishment license.

Mr. Harper made a motion to postpone a vote on this policy until rules are effective. After further discussion he cancelled his motion. Ms. VandeBerg made a motion that the Board no longer hear cases of this type and to table this policy until the Legislature has ruled on this issue. Ms. Chumbley seconded the motion. The motion carried. Ms. Eichel abstained.

### Unlicensed Establishment Enforcement

The policy reads:

If an unlicensed establishment wherein massage therapy is being or has been practiced makes application for an establishment license within thirty (30) days of being notified by any representative of the Department of Health on behalf of the Board that it is required to have an establishment license, enforcement activities for all current and/or previous unlicensed activities shall not be pursued by the Board.

However, if such an establishment does not make timely application for licensure under this policy and continues to operate, in an effort to avoid the matter being forwarded to the Department's Office of General Counsel for full prosecution and the possibility of more severe sanctions, the matter may be settled and an authorization to practice or a license issued pursuant to the following:

If the establishment is owned by someone who is not a licensed massage therapist, the establishment shall be assessed and pay a base civil penalty in the amount of three hundred dollars (\$300.00) and an addition civil penalty calculated by multiplying one hundred dollars (\$100.00), times the number of massage table available for use in the establishment, times the number of months that the establishment operated without a license including any time before or during the above referenced thirty (30) day period.

If the establishment is owned by someone who is a licensed massage therapist, the establishment shall be assessed and pay a base civil penalty in the amount of five hundred dollars (\$500.00) and an addition civil penalty calculated by multiplying two hundred dollars (\$200.00), times the number of massage table available for use in the establishment, times the number of months that the establishment operated without a license including any time before or during the above referenced thirty (30) day period. The acceptance of this settlement offer does not prohibit the massage therapist from being prosecuted for any conduct that occurred in the establishment for which he or she might be separately disciplined.

If the establishment has allowed the unlicensed practice of massage therapy, the civil penalties required to be paid pursuant to this policy are in addition to the civil penalties required to be paid under the Board's "Unlicensed Practice of Massage Therapy Policy."

If the establishment fails to accept the offered settlement or fails to comply with its terms the matter shall be referred to the Department's Office of General Counsel for full prosecution.

Ms. VandeBerg stated she thinks the policy should state working table rather than available table. Ms. Chumbley made a motion to approve the policy as written. Ms. Eichel seconded the motion. The motion carried.

#### Continuing Education Violations

The policy reads:

A massage therapist licensed in Tennessee must obtain twenty-five (25) hours of continuing education every two (2) years. If a licensed massage therapist should violate the law by failing to obtain the required continuing education hours, in an effort to avoid the matter being forwarded to the Department's Office of General Counsel for full prosecution and the possibility of more severe discipline, the therapist, if he or she is a first time offender, shall be offered the following:

1. The licensee shall, within thirty (30) days of being notified of the assessment, pay a one hundred and fifty dollar (\$150.00) civil penalty; and
2. The licensee shall obtain the number of continuing education hours that he or she was deficient and an additional six (6) penalty hours of continuing education before the end of the next two (2) year period in addition to the twenty-five (25) hours required for that period.

If the therapist fails to accept this offer or fails to comply with its terms the matter shall be

referred to the Department's Office of General Counsel for full prosecution. Likewise, if the massage therapist is found deficient in any subsequent biennial continuing education period he or she shall be referred to the Department's Office of General Counsel for full prosecution rather than be offered the benefit of this policy.

Ms. Eichel made a motion to approve the policy as written. Ms. VandeBerg seconded the motion. The motion carried.

#### Criminal Convictions-Applications for Licensure

The policy reads:

Any person who has applied for a license as a massage therapist or for an establishment license who has a felony conviction which occurred ten (10) or more years prior to the date of application for licensure; or a single misdemeanor conviction or group of misdemeanor convictions all arising out of a single incident which occurred five (5) or more years prior to the date of application for licensure **MAY** not be required to appear before the Board and the Board's administrator, in consultation with the Board's consultant when appropriate, is authorized to issue a temporary authorization pursuant to T.C.A. § 63-1-142 and determine whether or not the applicant needs to appear before the Board before a license can be issued.

Any applicant who has more than one felony conviction or a pattern of multiple misdemeanor convictions not arising out of a single incident are required to appear before the Board before any license or practice authorization may be issued. Furthermore, any person convicted of a crime described in T.C.A. § 63-18-105(b)(2) (prostitution or sexual misconduct) cannot be considered for or granted a license.

Ms. VandeBerg made a motion to approve the policy as written. Ms. Glasgow-Trotman seconded the motion. The motion carried.

#### Substance Abuse-Applications for Licensure

The policy reads:

Any person who has applied for a license as a massage therapist or for an establishment license whose application documentation contains issues involving abuse of drugs and/or alcohol must obtain a favorable recommendation from the Board's peer assistance program before he or she will be considered for licensure. If the applicant obtains a favorable recommendation the administrator for the Board may, in consultation with the Board's consultant when appropriate, issue a temporary authorization pursuant to T.C.A. § 63-1-142 and determine whether or not the applicant needs to appear before the Board before a license may be issued.

"Abuse" does not mean a single isolated incident but may be found to exist when a combination of events and/or circumstances, when viewed in their totality, indicate a failure and/or inability to exercise self-control and/or good judgment in relation to alcohol and/or drugs. In determining whether "abuse" exists, criminal convictions may be considered as part of the totality of events

and/or circumstances but by themselves do not necessarily constitute “abuse” and the Board’s “Criminal Conviction Policy” may also be applied to such convictions.

Ms. VandeBerg made a motion to approve the policy as written. Ms. Glasgow-Trotman seconded the motion.

Discussion-Ms. Birkner asked the Board if it was their intent not to require all applicants who must go through a peer assistance program to appear before the Board.

Ms. VandeBerg made a motion to amend her previous motion by deleting the second sentence of the first paragraph so that any applicant going through a peer assistance program must appear before the Board for approval of licensure. Ms. Glasgow-Trotman seconded the amended motion. The motion carried.

### **Consideration of Approval of Proposed Legislative Initiatives**

Ms. Debbie Hicks reported that the Tennessee Massage Therapy Association and the American Massage Therapy Association has some law changes that each association has agreed on. The changes they are supporting are regarding the wording that gives the Board authority to enforce Board orders, wording that states it is unlawful for a licensed massage therapist to work in an unlicensed massage establishment, and wording that allows applicants who have kept their National Certification current but received their certification without proof of education, can get licensed in Tennessee.

Ms. VandeBerg made a motion that this is the Board's intent to have these provisions in their law. Ms. Glassgow-Trotman seconded the motion. The motion carried.

Ms. Chumbley made a motion, which was seconded by Ms. Glassgow-Trotman, that the Board goes on record to support the following changes that will be presented to Legislation by the two associations:

**Section 1.** Tennessee Code Annotated, Section 63-18- 105 is amended by deleting subsections (c) and (d) in their entirety.

**Consider Correction to the November 8, 9, 2004 Minutes**

The November 8, 2004 minutes reflect under applicant interviews, Ms. Lisa Metts appeared before the Board to give explanation for a felony charge of battery. Ms. Birkner explained that Ms. Metts has contacted the office to say it was a misdemeanor rather than a felony. Ms. Chumbley made a motion to correct the minutes. Ms. Glassgow-Trotman seconded the motion. The motion carried.

### **Consent Orders**

Esther Sewell, LMT

Ms. Elisha Hodge of the Office of General Counsel presented the Consent Order that stated on November 30, 2004 an Order was entered in the Administrative Procedures Division, which enumerated the discipline that the Board took against Ms. Sewell's license at the meeting on August 19, 2004. The Order reflects that Ms. Sewell was held in violation of the Massage Practice Act for failure to obtain/submit continuing education hours for the calendar year 2002. As a result of the finding, Ms. Sewell was ordered to obtain and submit proof of twenty-five (25) hours of continuing education, pay a civil penalty of \$150.00, plus costs, that her license be on probation until these conditions were met and once met, she was to petition the Board in writing to have the probation lifted. In the Consent Order presented today, Ms. Sewell agrees that her license to practice massage therapy in the State of Tennessee is revoked effective upon entry of the Consent Order.

Ms. Glassgow-Trotman made a motion to accept the Consent Order. Ms. Chumbley seconded the motion. The motion carried.

Marianne Smith dba Relax Your Ass Ranch

Planet Sun Tanning Salon

Planet Sun Tanning Salon's appeal was continued.

At the end of regular business Ms. VandeBerg asked if the Board could require applicants to appear before the Board when applicant files are to be reviewed. It is the Board's opinion that when an applicant is requested to appear before the Board for a file review, if the applicant does not appear, the file will not be reviewed. This will be sunshined for the next meeting so that a vote can be taken on it.

Ms. Chumbley asked if a person e-mails or calls a Board member about massage issues what is the best way to handle the response. Ms. Bell instructed the members to forward any such e-mails or calls to the Administrative staff.

There being no further business, Ms. VandeBerg made a motion to adjourn. Ms. Eichel seconded the motion. The motion carried and the meeting adjourned at 9:40 a.m.
